CAREER OBJECTIVE

Front-End Developer with the ability to learn and collaborate in fast paced and rapidly changing environments. Eager to tackle web development and design challenges that have lasting impact on user experience.

PROJECTS

MONUMENT COMICS | CREATOR

The official website for my indie comic book publishing company, Monument Comics.

- Created in React JS using JSX, styled and designed using CSS for full responsiveness on mobile, tablet and desktop.

MOSAIC COMICS | CREATOR

An interactive encyclopedia blog site dedicated to comic book characters.

- Created, styled and designed using HTML & CSS for full responsiveness on mobile, tablet and desktop.
- Implemented an interactive quiz using JavaScript that returns feedback to the user based on their score.

JOT IT DOWN | CREATOR

An interactive CRUD web application that allows the user to store text as notes.

- Created, styled and designed using HTML & CSS for full responsiveness on mobile, tablet and desktop.
- Used JavaScript for DOM interactivity to capture text to create the title and body of the note.
- Used JSON to store notes locally in the browser.

BRANDEN CODES | CREATOR

My personal blog website.

- Created, styled and designed using HTML & CSS for full responsiveness on mobile, tablet and desktop.
